¹Major natural gas pipeline companies as defined above (and in FERC Accounting and Reporting Requirements for Natural Gas Companies, para. 20-011, effective Feb. 2, 1985, beginning with 1984 reporting year). Beginning with 1996, major companies were required to file mileage for transmission systems only. NR = not reported. Source: FERC Forms 2 and 2A for major and nonmajor natural gas pipeline companies. Under criteria established for the 1984 reporting year (OGJ, Nov. 25, 1985, p. 80), major pipeline companies are those whose combined gas sold for resale and gas transported for a fee exceeded 50 bcf at 14.73 psi (60[degree sign] F.) in each of the 3 previous calendar years. Nonmajors are natural gas pipeline companies not classified as majors and whose total gas sales of volume transactions exceeded 200 MMcf at 14.73 psi (60° F.) in each of the 3 previous calendar years.

¹Major natural gas pipeline companies as defined above (and in FERC Accounting and Reporting Requirements for Natural Gas Companies, para. 20-011, effective Feb. 2, 1985, beginning with 1984 reporting year). Beginning with 1996, major companies were required to file mileage for transmission systems only. NR = not reported. Source: FERC Forms 2 and 2A for major and nonmajor natural gas pipeline companies. Under criteria established for the 1984 reporting year (OGJ, Nov. 25, 1985, p. 80), major pipeline companies are those whose combined gas sold for resale and gas transported for a fee exceeded 50 bcf at 14.73 psi (60[degree sign] F.) in each of the 3 previous calendar years. Nonmajors are natural gas pipeline companies not classified as majors and whose total gas sales of volume transactions exceeded 200 MMcf at 14.73 psi (60° F.) in each of the 3 previous calendar years.
